PROFESSIONAL PROFILE

Dual 10x Award-winning Full Stack Developer specializing in MERN stack, Django, Flask, and AI/ML integration with expertise in delivering 15+ enterprise applications serving 10,000+ users, reducing operational costs by 40%, and mentoring 20+ developers.

CORE COMPETENCIES

Advanced Development: Full Stack Architecture • RESTful APIs • WebSocket Real-Time Systems
Frontend Mastery: ReactJS • JavaScript ES6+ • HTML5/CSS3 • Responsive Design • State Management
Backend Excellence: Node.js • Express.js • Django • Flask • API Gateway Design
Database Engineering: MongoDB • MySQL • Query Optimization
AI/ML Technologies: Natural Language Processing • Predictive Analytics • Machine Learning Models
Leadership: Technical Mentorship • Code Reviews • Project Architecture • Team Collaboration

---

PROFESSIONAL EXPERIENCE

Full Stack Developer | Elysium Group of Companies | Apr 2025 – Present

🏆 **DUAL 10x EXCELLENCE AWARD WINNER** – Elite recognition for outstanding innovation and performance

- Spearheaded development of **15+ mission-critical applications** using MERN, Django, and Flask through hands-on technical guidance and code reviews
- Pioneered **AI-powered automation solutions** including NLP chatbots and predictive analytics engines, **reducing operational costs by 40%** and response times by **70%** through intelligent workflow optimization and scalable microservices architecture

Full Stack Development Intern | Novanector | Feb 2025 – Apr 2025

- Engineered **5+ production-ready responsive applications** using ReactJS with mobile-first architecture, boosting user engagement by **35%** through optimized UI/UX implementation
- Integrated e-commerce and fitness platforms, delivering features **20% ahead of schedule** using Agile methodologies

---

Data Science Intern | Exposys Data Labs | Nov 2024 – Dec 2024

- Developed **machine learning model** for diabetes risk prediction achieving **85% accuracy** using Python (Pandas, NumPy, Scikit-learn)
- Performed **exploratory data analysis** on **healthcare records**, uncovering critical risk patterns and presenting actionable insights through interactive visualizations

---

FLAGSHIP PROJECTS

- **Real-Time Communication Platform | MERN Stack, Socket.io, WebSockets**

Impact: Built secure messaging platform supporting **concurrent users** with end-to-end encryption and JWT authentication. Implemented real-time presence tracking and message persistence, **reducing communication latency by 60%** compared to traditional solutions.

- **AI Conversational Chatbot | Python, NLP**

Impact: Developed intelligent chatbot achieving **90%+ query resolution accuracy** using Natural Language Processing. Automated customer support workflows, **reducing response times by 70%** and support tickets by **50%** through sentiment analysis and contextual understanding.

- **Enterprise Task Management System | MERN Stack**

Impact: Designed comprehensive management platform with multi-tier role-based access control serving **user**. Streamlined team workflows with automated reporting and real-time collaboration tools, **increasing productivity by 45%** through intelligent task prioritization.

- **E-Commerce Marketplace Platform | MERN Stack**

Impact: Developed full-featured marketplace handling Optimized database queries and implemented caching strategies achieving **sub-second page load times** for enhanced user experience.

EDUCATION

Bachelor of Technology – Artificial Intelligence & Data Science
K.L.N. College of Engineering | 2021 – 2025 | **CGPA: 8.5/10**

Higher Secondary Education (12th Grade) | Nirmala Girls Higher Secondary School | **89.4%**

Secondary Education (10th Grade) | Nirmala Girls Higher Secondary School | **86.4%**

PROFESSIONAL CERTIFICATIONS

✓ **Full Stack Development (MERN Stack)** – CADD Centre

✓ **Machine Learning** – Elysium Academy

✓ **Python Programming** – Elysium Academy

ACHIEVEMENTS & RECOGNITION

- **10x Excellence Award (2x)** – Recognized for exceptional performance, innovation, and consistently exceeding delivery targets
- **Technical Mentor** – Guided 20+ students and interns from ideation to deployment
- **95%+ Client Satisfaction** – Across all 15+ delivered production applications
- **20% Faster Delivery** – Consistently delivered projects ahead of schedule while maintaining quality standards
